ABOUT US

Banat, Türkiye's first toothbrush producer, manufactures world-class products in oral care, personal care, and home care categories.

Established in 1947 as Türkiye's first toothbrush manufacturer, Banat boasts over 78 years of experience in producing at global standards. Operating with 100% local capital, our company has built a strong presence in the international market by exporting high-quality and functional oral care products to over 40 countries.

Banat leads the industry with award-winning designs and consumer-focused R&D. Our commitment to sustainable production and products reflects our dedication to protecting our planet and future generations.

Banat maintains a robust Quality Management System certified with ISO 9001 and BRC CP. The BRC CP certification underscores our commitment to product safety, ensuring that our customers can use our products with complete confidence. Banat products are available on shelves in the Turkish market and worldwide, and we offer private label production for leading national and global brands.

Banat continues to work diligently toward the future, collaborating with business partners across Türkiye. We are here not only to provide you with quality products but also to enhance your living spaces, making every moment brighter.

Shine with Banat!
